IN THE MATTER OF THE APPLICATION OF
BEAVER VALLEY WATER COMPANY FOR
APPROVAL OF THE SALE OF ITS ASSETS AND
FOR THE TRANSFER OF ITS CERTIFICATE OF
CONVENIENCE AND NECESSITY

DOCKET NO. W-02015A-03-0724

**STAFF'S NOTICE OF
SUBMITTING ADEQ WATER
COMPLIANCE STATUS REPORT
AND REQUEST FOR
ADDITIONAL TIME TO SUBMIT
SUPPLEMENTAL FINDINGS**

On September 7, 2004, the Presiding Officer issued a Procedural Order in this matter which required, among other things, that Staff "investigate BVWC's current operations, including but not limited to, ADEQ compliance, ownership status and operational status". Staff was directed to submit its findings and its recommendation on or before October 11, 2004.

In compliance with the Procedural Order, Staff has continued to attempt to gather information from which we could devise recommendations for submittal in this Docket. Staff has, in fact, received additional information. However, until today, Staff did not have an updated compliance status report from ADEQ. In the absence of a report finding that BVWC is in compliance with ADEQ requirements, or at least currently delivering water that meets water quality standards, Staff was unable to submit an updated recommendation.

Accordingly, along with this Notice, Staff submits the report we received today, wherein ADEQ concludes that BVWC is operating without major deficiencies, and is currently providing water that meets water quality standards. Staff requests an additional 30 days to compile the remaining information and submit final, updated recommendations. Staff would request that the period for submittal of our final report and recommendations be extended to require that submittal

1 on or before November 15, 2004.

2 RESPECTFULLY SUBMITTED this 14th day of October, 2004.

Based upon data submitted by the water system, ADEQ has determined that this system is currently delivering water that meets water quality standards required by Arizona Administrative Code, Title 18, Chapter 4. This compliance status report does not guarantee the water quality for this system in the future. This compliance status report does not reflect the status of any other water system owned by this utility company.
